Wastewater (Sewer)

Commodity Rate: \$4.77 per 1,000 gallons

Meter Size	Monthly Service Charge
3/4-inch and smaller	\$10.97
1-inch	\$13.36
1.5 inch	\$41.36
2-inch	\$65.08
3-inch	\$102.14
4-inch	\$195.10

Stormwater

Schedule available upon request from Planning & Zoning Department.

Customers can calculate their monthly water and wastewater bills by taking the base monthly service charge (based on the customer's meter size) plus the commodity rate times number of gallons used. If the meter size is unknown, the customer can contact the City utility department to identify the meter size on record or contact their local plumber to review. If an irrigation meter is in use, complete the same process for that meter in addition to the standard water meter.

Electric

Rate 1.0 - Residential

Base Monthly Rate	\$6.20
kWh Usage Charge	\$0.0763

Rate 3.0 - Commercial

Base Monthly Rate	\$17.44
kWh Usage Charge – First 10,000 kWh	\$0.0941

Rate 8.0 - Industrial Power

Base Monthly Rate	\$72.68
kWh Usage Charge – All kWh	\$0.0388
Monthly Demand Charge – Per kWh of Billing Demand	\$9.94

Deposits not required to obtain utility service within the City limits. However, utility bills more than six months past due will become a tax lien against the property. In lieu of a lien, landlords can inquire at the City Offices regarding an alternative deposit schedule. Deposits are required for Sylvan Township residents.

Customers can calculate an estimate of their monthly electric bills by taking the base monthly rate (based on the customer's rate class) plus the commodity rate times number of kWh used. If the rate class is unknown, the customer can contact the City utility department to identify the meter size on record or contact their local electrician to review. Add 4% sales tax to electric for residents and 6% for commercial accounts.

**City of Chelsea
Service Charge Schedule
March 2010- February 2011**
