BRUSH, LEAVES & GRASS TRIMMINGS

City crews pick up brush placed along the street-side curb extension. Scheduled brush pickup starts on the second Monday of each month. Crews pick up different size material at different times due to the equipment required.

- Place loose, dime-size or smaller sticks, weeds, plants and yard rakings in a biodegradable bag or in a container that can be dumped. Please do not use plastic bags.
- Stack larger branches and limbs (not bigger than four inches in diameter) with the large, cut ends facing the same direction for ease of moving.
- Remove all roots, stumps and dirt from branches and limbs.
- Do not include grass clippings, sod, or dirt. Public Act 264 of 1990 “Yard Clippings Diversion Act” prohibits lawn clippings from being placed with your garbage and brush.

If brush is not along the street side curb extension when the crews move through an area, it will not be picked up until the following month. If you miss brush pickup, you can transport your brush to the Werkner Rd Transfer Station Wednesday through Saturday.

A compost pile is available at the Werkner Rd Transfer Station for the deposit of leaves and lawn rakings. Please empty bags at the site. There is no charge to residents for use of the compost pile. Non-residents are charged \$1.00 per bag.
